Naval Parley Rupture Declared Almost Certainty

BRITISH PROGRAM
FLATLY REJECTED
BY U. S. ENVOYS

Meeting Called for Monday Is Believed Likely To Be Last Held by Geneva Delegates.

JAPANESE PARTY
READY TO GO HOME

U. S. Makes Gesture Toward Naval Race by Signing Contract for Six New Cruisers.

Geneva, July 28.—(AP)—Rupture of the tripartite naval conference threatens tonight as almost a certainty unless developments, which nobody genuinely expects, come to save it.

The British delegation presented new proposals today, which were flatly rejected by the American delegation. Reliable information concerning a secret session of the tripartite plenipotentiaries indicate that when W. C. Bridgeman, first lord of the admiralty, presented the new British plan for the limitation of cruisers, destroyers and submarines, Hugh S. Gibson, head of the American delegation, asked whether this plan was Great Britain's last word. Mr. Bridgeman said it was.

Plenary Session Called.

A plenary session has been convened for Monday next. A Japanese delegate expressed the opinion to the correspondent that this undoubtedly would be the last meeting of the conference, as there seemed no reasonable chance that the divergences between the British and the Americans could be reconciled.

Mr. Gibson and every member of the American delegation absolutely refused to discuss the new British proposals, with one exception and that was Rear Admiral Hilary P. Jones, who remarked: "At today's meeting of the delegates I informed my fellow conferees that I would say only this to the newspapermen—you draw your own conclusions."

It is understood that in American and Japanese circles three features of the new British proposal stand out as making them objectionable from the viewpoint of both nations. The first is that the British plan restricts the liberty of the two other nations to build eight-inch-gun secondary cruisers.

Second Objection.

The second is that the British, they contend, have abandoned the idea for which the British fought during the meetings of the League of Nations preparatory commission on general disarmament conference, that warships should be limited by categories or types.

The third is that under the British scheme six-inch-gun cruisers would be imposed upon the navies of the United States and Japan.

The private session of the delegates today, despite the somber undertone, was characterized by friendliness and frankness, and at the close, when all present seemed to realize that the conference was on the edge of a precipice, Mr. Gibson strolled from the garden of a Japanese villa, where the meeting was held, with both British delegates, Mr. Bridgeman and Viscount Cecil.

American Concession.

The American delegation announced one concession during the meeting in an effort to save the conference from the rocks. This concession was that there should be inserted in the treaty a clause whereby, if any signatory should be limited by categories or types.

Leaders of Industry
Discuss South's Future

Beginning with an interview with Herbert Hoover in Sunday's Constitution, The Constitution will present a series of 24 full-page interviews with the leaders of industry and education in the south, in which the problems and future of this section will be carefully analyzed. The interviews are by T. H. Alexander, one of the noted reporters of the south.

These 24 interviews paint a glorious picture of the south 25 years hence and no reader of The Constitution interested in the forward strides of this section should fail to read them.

Three Donaldson
Murder Suspects
Freed Under Bond

Ike Snead, Fleming King and George Young Released on Eve of Crime's Anniversary.

TRIO ALLEGED
"RING" MEMBERS

Men Released Were Named in Confession by Ralph Fitchett, Held in Chattanooga.

On the eve of the anniversary of Bert Donaldson's murder in the Georgian Terrace, three of 12 alleged members of "Atlanta's gambling and liquor syndicate," under indictment as accessories to the crime, were admitted to bail Thursday and released from Fulton county tower, where they have spent the greater portion of the past several months.

Ike Snead, Fleming King and George Young were allowed bonds by Judge E. D. Thomas, of Fulton superior court, after Solicitor Boykin was forced to agree because his "investigations regarding the parties only connected them as accessories after the fact and did not justify holding them without bond."

The order was signed by Judge Thomas upon application of Attorneys William Scheley Howard and James A. Branch, representing Young and Snead, and Attorney W. Paul Carpenter, representing King. Snead and Young secured their release after posting bonds of \$2,500 each, while King was forced to put up a \$3,000 bond.

Judge Thomas set out in his order releasing Young and Snead that "after a thorough investigation of the above stated case I am of the opinion that they are guilty, if at all, of the offense of being an accessory after the fact."

Therefore, I recommend that the above named defendants be admitted to bail in the sum of \$2,500."

A similar order was signed in King's case.

Judge Thomas specified that his ruling should not be used to affect the cases of the two men if they are brought to trial for the murder.

Jack Lane, alleged leader of the "gang" which plotted and carefully executed the assassination of the solicitor's right hand man on the night of July 29, 1926, in a room in the fashionable Georgian Terrace hotel, was convicted in May in Fulton superior court of complicity in the murder and was sentenced to die in the electric chair on June 17.

His execution was automatically stayed when counsel filed an amended motion for a new trial which is scheduled to be heard Saturday morning before Judge G. H. Howard, who presided at the trial.

Named in Confession.

The trio released Thursday was named in a confession to the slaying by Charles Hubert Fitchett, former Atlanta policeman, held in the Hamilton county jail in Chattanooga, Tenn., on a charge of passing a worthless check. The statement of Fitchett stated that King, Snead and Young were members of the gang which plotted the murder and who went to the scene of the crime and stood guard, later aiding the slayers to leave the city.

The arrest of Snead, King and Young, was the result and they have been incarcerated in "murderer's row" in Fulton tower for several months.

Fitchett was brought to Atlanta to tell his "story" to the Fulton county grand jury and related it in detail as told the solicitor with the exception of his failure to incriminate himself as the actual slayer who fired the fatal shot. He is said to have refused to testify against any of those whom he implicated.

He was unconscious when found and was taken to the emergency hospital, where physicians said they did not expect him to live.

He was alone at the time of the shooting and his wife declared she believed the shooting must have been accidental. No explanation was advanced.

APPOINTED

Governor Names J. W. Barnett, of Athens, to Succeed Holder; Confirmation Carried Over.

Behind barred doors Thursday morning the state senate is understood to have failed to confirm Governor L. G. Hardman's appointment of J. W. Barnett, prominent engineer of Athens, to a place on the state highway board.

Spirited debate on a motion to have the appointment referred to the senate's privileges and election committee was understood to be in progress when the senior body automatically adjourned at 1 o'clock Thursday to hear an address by Governor Harry Byrd, of Virginia.

Unofficially it was said that the appointment was carried over as unfinished business and discussion will be renewed today so that some 25 senators, believed to favor the motion, will have opportunity to add their indorsement to those advanced on the floor Thursday by two prominent members of the senate.

Thompson Bill Passes.

Another feature of Thursday's session was the passage, by a vote of 28 to 15, for the Thompson highway bill amended to increase the primary mileage designation from 2,800 miles, as originally proposed by the bill's author, Senator A. H. Thompson, of La Grange, to 3,600 miles.

Another amendment provides that not more than 50 per cent of the fund be expended on the primary highways, as against the 60 per cent called for under the original draft of the measure.

Prior to passage of the bill a number of heated clashes marked its discussion on the floor of the senate. Chief among these was a spirited controversy between Senator J. B. Jackson, of the Twenty-first district, advocating passage, and Senator A. S. J. Stovall, of the Thirtieth district.

Carefully Prepared.

Senator Jackson declared that the state must either adopt the proposal or vote bonds for highway construction. He told the senate that the Thompson bill represented the most carefully prepared piece of constructive legislation yet to come to its attention.

PUBLIC LETHARGY
ASSAILED BY BYRDVirginia Governor
Declares Lack of Interest in
State Affairs in Legislative Speech.

The "menace" of Italian fascism and Russian bolshevism means little to representative government, and if representative government is on trial as some people claim, it is because of the lack of interest shown by the people in governmental affairs and their unwillingness to assume the duties of citizenship and vote. This is the belief of Governor Harry E. Byrd, of Virginia, as expressed Thursday afternoon in a plain "business talk," as he described it, before a joint session of the Georgia legislature.

Efficient representative government is the best way to preserve representative government, and this can be accomplished without shaking in any way the faith of the people in the principles laid down by our forefathers, Governor Byrd declared.

Outlining the recent change in the administration of the government of the commonwealth of Virginia, Governor Byrd showed how his state had rid away with the too numerous and unwieldy money-wasting boards, commissions and bureaus and instituted a simple but effective and money-saving system whereby the state's affairs are carried on by 12 major departments, ten of whose heads are directly responsible to the governor for their actions.

10,000 Sioux
Will Parade
For Coolidge

Gathering Will Be Greatest Since Days of Sitting Bull.

BY PHILIP KINSLEY.

(By Leased Wire to The Constitution and The Chicago Tribune.)

Rapid City, S. D., July 28.—Ten thousand Sioux Indians from five reservations will parade before President Coolidge on August 17 at Pine Ridge reservation. Definite announcement of the president's visit was made today by Congressman William Williamson. This will be the greatest gathering of Sioux since the days before the white men took the Black Hills away from them and Sitting Bull marched west with his warriors.

The Sioux have a \$750,000,000 suit against the government pending in the United States court of claims, based on this treaty of 1868. Some recovery on this is certain, according to Mr. Williamson, who is a member of the Indian affairs committee and whose political district takes in the reservations with 20,000 Indians.

A bill will go before congress at the next session which will anticipate this recovery and provide for a new enrollment of the tribe. Since the treaty was made gold was discovered, one mine producing about \$200,000,000 and is still going. The Indians claim this was all their land and their gold.

The Indians had planned an ambitious program for the president, but as he will be with them only two hours this has been cut to a parade in which the old men, the breeds, the ex-service men and others will be in sections, like a memorial day affair.

Ogalala Sioux, from Pine Ridge, Rosebud, Lower Brule, Cheyenne river and Standing Rock reservations will meet the president. They had intended to initiate him into the tribe, but arrangements already have been made to do this at Deadwood next Thursday.

(Copyright, 1927, for The Constitution and The Chicago Tribune.)

Athens, July 28.—The whole refugee quarter of Athens, containing about 500 huts, burned this afternoon. A fierce wind was blowing and in an hour the disaster was complete. Flames surrounded the refugee quarter on all sides. The terror of the refugees was indescribable. It is impossible to tell the number of victims, but it is believed to be large. More than 3,000 people are without shelter tonight.

FREEDOM OF REDS
ASKED BY WIDOW
OF HOLDUP VICTIM

Boston, July 28.—(United News.)—The woman who lost her husband and the father of her two children by the murders of which Nicola Sacco and Bartolomeo Vanzetti were convicted six years ago, has asked Governor Alvan T. Fuller to free the condemned radicals.

Mrs. Sarah Bernadelli, widow of Alexander Bernadelli, the paymaster's guard who was one of the two men killed in the South Braintree hold-up, tonight sent the following telegram to Governor Fuller:

"I am one of the two who suffered most from the Braintree murders. I lost my husband and the father of my two children. Yet I should be sorry to see two innocent men put to death. I hope you will free Sacco and Vanzetti and send them home to their families."

Plea Declared Surprise.

A copy of the telegram to the governor, sent from New Haven, Conn., was received by the Sacco-Vanzetti defense committee, which made it public. Members of the committee said they had been out of touch with Mrs. Bernadelli for several years and her plea came as a complete surprise to them.

Having completed his personal review of the case, Governor Fuller today agreed to hear a final argument for the defense before announcing his decision.

William G. Thompson, chief defense counsel, will appear before the governor in his private office in the statehouse tomorrow and will make a last plea for the condemned men.

For an hour and a half Governor Fuller and his advisory committee conferred in private at the statehouse today. It is believed they discussed points in the committee's report which is now thought to be in the executive's hands.

Forum Declares Hide-Bound Rules of Rhetoric Are Passing.

(By Leased Wire to The Constitution and The Chicago Tribune.)

Chicago, Ill., July 28.—A jury of 222 authors, editors, business men and teachers, who returned their verdict to Professor S. A. Leonard of the University of Wisconsin, acting for the national council of teachers of English, has put an okay on misuse of "shall" and "will" and "who" and "whom."

Among 45 locations banned from speech and writing by the jury, however, are these:

"There's a dangerous curve and you'd better go slow."

"Who are you looking for?"

"There's a dangerous curve and you'd better go slow."

"Can I be excused?"

"That clock must be fixed."

"Try and get it."

Some members of the jury said they would accept all these idioms. Practically every member of the jury said the hide-bound rules of rhetoric were fast giving way. Nice distinctions between "shall" and "will" and "may" and "can" are passing in every day speech, in favor of originality and forcefulness.

New York, July 28.—Mrs. Lena Wilson Stillman, who stepped out of the servant's entrance into society, today stepped right into the servant's entrance again to begin her honeymoon as a society matron.

The milkmaid of the French-Canadian wife and her husband, Bud Stillman, part here to some \$50,000,000, were extremely happy to slip into the servant's entrance of the Hotel Shelton at 8 a. m. today. For through this maneuver they managed to begin their honeymoon without running into Grover Whalen or any other official or unofficial welcome such as reporters and cameramen who had expected their arrival here last night.

Weep, Accuse and Part

QUARREL REVEALS MRS. KENNEDY'S SECOND WEDDING

(By Leased Wire to The Constitution and The Chicago Tribune.)

Los Angeles, Calif., July 28.—The Rev. Aimee McPherson and her mother, Mrs. Minnie Kennedy, came to the parting of the ways in an exchange of recriminations today. The parting and recriminations followed an early morning visit by Mother Kennedy to her preacher-daughter in quest of peace.

The peace mission failed. After it was over, Aimee said that her mother talked as though she had "an inflated mind" and a "tired brain."

"Why in the world have they dragged my personal affairs into this? I have known and kept Sister McPherson's personal secrets for 10 years," said Mrs. Kennedy.

Mrs. Kennedy referred to disclosures by leaders of her daughter's faction that Mrs. Kennedy has a husband, W. Whitbeck, from whom she is separated. Whitbeck is said to be a Hudson river steamship engineer.

During their secret meeting in Aimee's new bungalow home in East Hollywood, the woman preacher accused her mother of threatening that she would "crush" Mrs. McPherson, break her and drive her out of every pulpit in America.

Mrs. Kennedy admitted that she has been the wife of Whitbeck for some years. She did not give his address. "I am not going back to him," she said.

To the rank and file of the 30,000 members of Angelus temple, of the Four Square Gospel, news of Mrs. Kennedy's marriage and separation was startling.

The congregation, which has been loyal to Mrs. McPherson and hostile to her mother-in-law, the current controversy, this afternoon authorized a delegation of elders to retain a law firm for the church organization and Mrs. McPherson.

Attorneys Lowenthal, Lissner, Roth and Gunther, in a statement, promised to "take such legal action as is necessary to reorganize the church corporation and eliminate all influence of Mrs. Kennedy, who has usurped business control of the church and refused to give an accounting of funds."

The lawyers said they are not concerned about any aspects of the McPherson kidnapping scandal of 1926 which made a sensational progress through three Los Angeles county courts.

Court With Daughter
But Soon Retires.

Franklin, La., July 28.—(AP)—Selection of a jury to try Mrs. Ada Bonheur Lehoucq, Dr. Thomas E. Dreher and James Beale on a charge of murdering James J. Lehoucq, husband of the accused woman, was completed tonight in St. Mary parish criminal court. The trio are alleged to have murdered Lehoucq as the result of a love affair between Dr. Dreher and the woman.

Picking the jury was begun Monday night. All of the jurors are married except two. One is a widower. Most of them are middle-aged.

The list follows: William Bartlett, sawyer and millwright; Theodore Dugan, farmer; A. J. Bonheur, blacksmith; N. A. Barilleaux, mechanic; Joseph L. Delaune, mechanic; O. J. Simonsen, farmer; Richard W. Chevalier; Emilie Savie, farmer; Hypolite Rodin, farm overseer; Ferdinand Estelle, laborer; L. S. Allman, bookkeeper; John Bonino, bookkeeper.

After the jury was completed, the jurors were taken to their quarters on the top floor of the courthouse, where they will be in custody of a deputy sheriff.

Court then adjourned until 9:30 tomorrow morning, when hearing of testimony will begin.

Mrs. Lehoucq was accompanied to the courtroom today by her mother, Mrs. C. E. Bonheur.

But the questions of prosecuting attorneys seeking to ascertain of prospective jurors if they would hesitate to inflict the death sentence upon her daughter weakened the resolution of the mother and after a little more than an hour she retired weeping.

Yesterday Mrs. Willie Husband, mother of the murdered man, also found the courtroom too trying and she was forced to retire after an outburst of grief.

ROUGH BREAKERS
HAMPER RESCUERSFew Men Aboard Boat
Fight Heroically in Effort To Save Lives of Women and Children.

Chicago, July 28.—(AP)—More than two-score persons, most of them women and little tots out for a boat ride to escape the city's sweltering heat which ranged up to 95 degrees, were drowned or reported missing today when the Favorite, a small excursion boat, capsized in Lake Michigan about a mile off shore during a squall.

Terrified by the storm which came up in 15 minutes and passed in a few seconds, the passengers rushed to one side of the boat, and as it listed, stampeded to the other side. In an instant they were plunged into the water with rough breakers tossing them helplessly about.

The noise of a negro band blaring away at "I'm Looking Over a Four-Lear Clover" was transformed into the choking cries of persons clutching at any floating object as the boat turned half over and settled, until only its upper deck remained partly out of the water.

28 Bodies Recovered.

Late tonight 28 bodies had been recovered. There were 64 known passengers on the boat. Eighteen were rescued and 18 are still missing.

The Favorite, a two-deck gasoline boat, 64 feet long with a capacity of 155, left the Lincoln park pier early in the afternoon for a cruise to the municipal pier three miles distant. The boat was about a mile from the pier and half a mile offshore when the squall came up.

Captain Arthur Olsen, who was arrested with members of his crew, said the passengers caused the boat to capsize when they became terror-stricken at the storm. Little tots who had never been in the water fought for their lives alongside their mothers and a few men, as the waves rising with each gust of wind swept over the listing boat's decks and then partly submerged her.

Three Boys Saved.

One small life boat was cut loose and three small boys made shore in it. Other children and women clung to life preservers or to the side of the boat.

One small boy got a good firm grasp on the smokestack of the Favorite and held on tightly for more than an hour while the other passengers floundered or were rescued.

The work of rescue was under way almost before the boat had settled. The few men aboard the ship fought heroically to save women and children, while nearly scores of small craft also raced to their rescue, removing many women and children.

HOUSE PASSES OIL INSPECTION BILL

With only three dissenting votes, the Georgia house of representatives Thursday passed a bill providing for complete reorganization of the oil inspection department of the state and reducing the operation cost of this unit from \$145,000 annually to \$28,400.

In the measure, which was a substitute for several bills offered by individual members, the distillation test is provided instead of the specific gravity test. The number of oil inspectors is reduced from 150 to three, and these will work out of the office of the comptroller general instead of the commissioner of agriculture as at present. Salaries of \$200, and expense accounts limited to the same amount, are provided for inspectors.

Another provision gives inspectors authority to test the volume delivered by filling station pumps as well as to test the quality of the fuel.

Amendments and substitutes piled high on the clerk's desk Thursday. Principal among these was a substitute for the Willott gasoline tax bill submitted by the author, who attempted to settle a contention raised by opponents to the effect that the bill if passed would deprive counties of the

1-cent per gallon tax now allocated to them.

Raises Speed Limit.
A bill placing the speed limit on country highways at 40 miles an hour, instead of 30 as is now in effect, was submitted by Cook, of Telfair.

Other bills submitted and their provisions were:
By New, of Laurens, a bill for further regulation of private banks.
By Atkins, of Calhoun, a bill to move the county seat from Arlington to Morgan.

By Representatives Davis and Lindsey, of DeKalb, a bill to give jurisdiction over cases involving sums up to \$200 to the DeKalb division of the municipal court of Atlanta.

By Adams, of Newton, a bill to reorganize the general assembly and to provide 120 members instead of 350 as at present.

Fraternity Bill.
By Martin, of Troup, a bill providing that all secret fraternities be required to establish a representative form of government through establishment of supreme councils elected by the vote of all members.
By Hutcheson, of Walker, a bill providing that the state maintain an 18-mile stretch of road between LaFayette and Chatham, with provision that the United States government finance the paving of the stretch. It was pointed out in this bill that the government had already offered to undertake the paving of the highway if the state of Georgia would assume responsibility for its upkeep.

GOV. BYRD PRAISES FARM AID ACTIVITY

Governor Harry Byrd, of Virginia, Thursday while in Atlanta expressed much interest in the work of the Georgia association. Governor Byrd conferred with the association's president, H. G. Hastings, during the day and told of recently heading a similar and highly successful movement in his state. A state chamber of commerce was formed to perform the land settlement and agricultural rehabilitation work which is planned in Georgia by the association, the governor said.

"This is a most important work for the south," Governor Byrd told Mr. Hastings. "It is essential that the farming industry be placed on a profitable basis and that the work of rehabilitating and educating the rural communities go forward."

John S. Candler, of Candler, Thomson and Hirsch, attorneys, in a letter Thursday to W. W. Orr, chairman of the Atlanta campaign committee in the Georgia association's drive for \$100,000, was forwarded to the place on the campaign committee due to plans for being out of the city much of the time during the next two months. Mr. Candler said that he not only was heartily in accord with the as-

COUNTY ZONING BILL OFFERED IN SENATE

A new zoning act giving Fulton, Chatham, Glynn and Bibb counties authority to create restricted districts or zones in the area or any part of the area of the county outside the limits of incorporated cities, and to authorize the counties to designate the type of buildings that can be erected in such zones and also to prohibit erection of objectionable types of buildings, was introduced in the senate Thursday.

The zoning law is a constitutional amendment and was introduced in the senate by Senators Myrick, Reese and Hendrix.

The amendment would be submitted to the people for ratification and if passed would amend Article 3, Section 7 of the constitution of Georgia.

\$1,800,000 SCHOOL BILL TO BE URGED

Committee approval of a bill which would appropriate \$1,800,000 a year to carry out the provisions of the educational equalization act of 1925 will be urged upon the appropriations committee of the house by Representative Davis, of Floyd, chairman of the house education committee, it was announced following a session of his committee Thursday afternoon.

A motion that Representative Davis advise the appropriations committee of the education committee's wish to see the bill passed favorably as soon as possible was adopted. The bill provides an appropriation for 1928 and 1929 and each year following, to be spent as necessary to put the provisions of the equalization act into effect.

The education committee gave its approval to a house bill which would appropriate \$300,000 out of the state treasury to match half and half with funds of independent school systems, county schools and district schools for the purchase of books for the first grades.

Another house bill approved Thursday would require all treasurers of independent school systems to give surety bond for the faithful performance of their duties. The bond is to be made with the ordinary of the county before the treasurer can receive public school funds from the state department. The bill was originally introduced because of loss of school funds through the lack of such surety.

The committee also approved a senate bill providing that the state board of education shall prescribe the qualifications of county school superintendents, and raise their salaries from \$50 to \$70 a month, the money to come out of the appropriation to the common schools before it is pro rated among the counties. This is said to be an equalization measure, making the rich counties aid the poorer ones.

Salary increases were made in three bills passed favorably by the education committee. The increases follow: State school superintendent, \$4,500 to \$6,000; school supervisors and auditors, \$3,000 to \$4,000; and assistant school auditor, \$2,000 to \$3,000. The state school superintendent draws \$2,000 in that capacity and the bill approved Thursday raised the salary he draws as state school secretary and executive agent from \$2,500 to \$4,000, the new salary totaling \$6,000 instead of \$4,500.

YOUNG MARIETTA GIRL MISSING FROM HOME

S. R. Hewitt, of 405 Church street, Marietta, spent all day Thursday in an unsuccessful attempt to locate his 11-year-old daughter, Cary, who disappeared from her home at about 5 o'clock Thursday morning.

One of her sisters heard her arise at an early hour in the morning but went back to sleep thinking nothing of it. When the school arose, however, they found the girl missing. A note was found addressed to her mother stating that she had left home because she had decided to go in search of a job, which she had expressed several times at home.

When leaving home she was dressed in tan knickers, white shirt-waist, and tan hat, and carried a small black patent leather suitcase. Mr. Hewitt is very anxious to locate her and persuade her to return home and stated that he will appreciate any help that can be given.

NEED OF GOOD ROADS IS SHOWN BY COOPER

A system of good roads in Georgia will not only attract new industries to the state, but will stimulate those already located here, in the opinion of J. M. Cooper, district sales manager of the National Biscuit company, whose territory includes parts of Georgia, North Carolina, South Carolina, Tennessee and Alabama.

Mr. Cooper is particularly interested in good roads because his concern is interested in prompt delivery of perishable products.

"We have found the automobile the best means of delivery," he said. "It is not only most economical, but it covers a wide area. Our chief problem is to reduce the time between the oven and the table, in order to assure freshness of our product."

"With paved roads our problem virtually is solved. First, we are able to extend our deliveries—one truck will do much more work on paved roads than on dirt roads. Next, we reduce the wear and tear, the maintenance of our vehicles. The paved highways are so much easier on them."

"We have an extensive business in the more remote country districts—some of them far away from railroads. While the volume of this business is, of course, not as large as that of the towns, we are just as anxious to fill its needs and build it up."

"Today there are adequate hard-surfaced roads from Atlanta to Macon, to Newnan and to Marietta. Outside of that the roads are uncertain. We should have a concrete highway system to Augusta, Gainesville, Chattanooga and Birmingham, with such feeders as are needed."

"What we need is a unit highway system in the state. It is the state's place to provide it. Many of the counties are small and without sufficient taxable property to support such projects. It is not fair to expect them to bear the burden. Besides, it is a matter of interest to the entire state."

POULTRYMEN SEEK STATE AID IN FIGHT ON CHICKEN ILLS

Poultrymen of the state are taking great interest in a bill, now in the hands of the house appropriations committee, to appropriate \$10,000 for the control of the vacillary white diarrhoea and other communicable diseases of poultry, according to a statement made Thursday by J. D. Hordford, of Atlanta, and J. S. Reall, of Columbus, members of a committee from the Georgia Poultry Chick association.

The bill was introduced by Representative McGarrity, of Paulding.

They pointed out that people of the state do not give the recognition to the poultry business that is due it. "The value of the poultry industry in Georgia is now \$40,000,000 and it is third in value of the wealth-producing industries of the entire country, being surpassed only by corn and dairying," they declared. "The growth of the industry is shown by the fact that its valuation increased last year alone by \$25,000,000."

"Money is appropriated every year for cattle tick eradication and the control of hog cholera, but nothing has ever been assigned to aid the poultry industry, though its value as a wealth producer for the state is tremendous. Through the feed inspection tax the poultrymen pay to the state about \$20,000 annually in revenue."

"The infectious diseases common to chickens are serious and we are asking the state for help, with an appropriation of only \$10,000, the only favor that poultrymen have ever asked. This disease control would be under the state veterinarian and a great good would result. The bill should certainly be passed."

"The national value of the poultry industry is shown by figures of the United States department of agriculture. In 1925 poultry products were valued at more than a billion dollars. This was one-third greater than the wheat crop, three times the tobacco crop, six times the value of horses and mules, seven times the sheep industry, twelve times the wool industry and twice the valuation of all fruit crops. Since that year poultry raising has made great progress and its continuation should be furthered."

NEW SENATE BILLS

The following bills were introduced in the senate Thursday and assigned to committees as designated:

203. By Senator Jackson, of the 21st district—To amend an act establishing a charter for the city of Gordon, Municipal government.

204. By Senator Jackson, of the 21st district—To amend an act incorporating the town of Townsboro, Municipal government.

205. By Senator Stovall, of the 20th district—To amend an act providing a board of commissioners for the county of Elbert, County and county matters.

206. By Senators Reese, Myrick and Hendrix—To amend the state constitution so as to permit city zoning in the counties of Fulton, Chatham, Bibb and Glynn. Constitutional amendment.

207. By Senator Stovall, of the 20th district—To amend an act providing a system of public schools for the city of Elberton, Education.

208. By Senator Gaston, of the 26th district—To increase minimum weekly pay under the workmen's compensation act from \$15 to \$18. Commerce and labor.

209. By Senators Hendrix and Willingham—Increased pay of adjutant general from \$2,000 to \$2,400. Military affairs.

210. By Senators Jackson, Key and Kelly—To provide new wage scale for supreme court stenographers. General judiciary.

211. By Senator Myrick, of the first; Senator Hendrix, of the 23rd; Senator Gaston, of the 20th, and Senator Haddock, of the 16th—To amend the state constitution so as to authorize a \$15,000,000 increase in its bonded indebtedness to build deep water terminal port facilities at some point on Georgia's coast line, to be designated by the same general vote that approves the proposed constitutional amendments.

Senate resolution No. 31, by Senator Lewis, of the 20th district—Calling for a general organization in the state to back a "trade in Georgia" move. Adopted unanimously.

PROPOSAL TO MUZZLE DOGS BEFORE COUNCIL

German police dogs will wear muzzles when appearing in public in the future, if city council approves a proposal to this effect which will be offered by the police committee Monday, it was learned Thursday.

Many complaints of the alleged viciousness of the animals have been lodged with the police department, and they will be cased in the same category as bulldogs, if the proposal is approved.

NEGRO CHURCH ORDER HOLDS MEETING HERE

With delegates, princes and elders here from all parts of the country, the international congress of the "Triumph, the Church and Kingdom of God" (colored), which began here on July 20, is holding two sessions each day at the church, located at 1668 Richmond street. The morning session, which begins at 10 o'clock, is devoted to business, while the evening service at 8 o'clock is of a devotional nature. The Rt. Rev. J. D. Walker, chief bishop of Dothan, Ala., occupies the chair.

Tent services are conducted at 444 Irwin street, S. W., Chestnut street and West Hunter street. The public is cordially invited to all the meetings.

CHURCH CONVENTION DISCUSSES CLASSES

Thursday's sessions of the Colored Seventh Atlanta District Sunday School convention were featured by an address by Bishop J. S. Flipper, on "The Best Methods of Conducting Sunday Schools," in which the speaker described the model Sunday school conducted by Rev. H. R. Tomlin, of Trinity church.

Dr. J. L. Butler, of Big Bethel; J. H. McFarlin, P. E. of the Atlanta district; J. R. Gardner, of St. Phillips; A. D. Hardean, J. R. Fleming, H.

D. Canady, W. R. Wilks and others addressed the convention.
Dr. W. B. L. Clark read resolutions asking the forthcoming general conference to return Bishop J. S. Flipper for another quadrennium. President Elder B. V. Thornton announced that important subjects will be discussed Friday.

Money Saving Facts About Concrete Highway Pavements

Concrete is durable. It will not shove, roll or rut. It remains as true and even as built. Concrete pavement is now satisfying taxpayers in many counties and every state in the Union. Maintenance cost is low. It does not require periodic resurfacing. Wet or dry, concrete provides the safest surface for traffic. Oil drippings will not cause concrete to disintegrate. Concrete pavements are clean, smooth, dustless, free from stickiness and usable twelve months in the year. 6,000 miles of concrete pavement were placed on highways in the United States in 1926. Concrete gives you more road surface value for each dollar invested than any other type.

Why Take Chance? Insurance Is Offered You at Low Rate

Why take chances with the great common menace of traffic accidents? Every day newspaper headlines tell how disaster has visited many persons, as witness the following headlines clipped from yesterday's paper:

"Three Hurt in Auto and Trolley Mishaps."

"Moving Car Hits Parked Machine; Two Hurt."

"West End Crash Injures Three."

"Seventeen Hurt in Crash on Mountain Side."

"Auto Strikes Wagon; Young Girl Killed."

In the face of the ever-growing wave of traffic accidents, financial protection is yours at an insignificant cost under the terms of The Constitution's offer of the famous \$7,500 travel accident policy issued by the North American Insurance company, of Chicago.

This old and reliable concern already has paid more than \$30,000 in claims of Constitution policyholders.

The policy—which costs only the insignificant sum of \$1.25 per year—provides for payment of sums ranging downward from \$7,500 in case of death resulting from certain accidents; heavy cash payment for permanent in-

juries and \$10 weekly indemnity for disability resulting from the stated accidents. And the cost is only a fraction of a penny a day.

A train wreck, a crash of automobiles, the speeding wheels of an on-rushing car or a burning building may leave you a victim of the ever-growing wave of accidents today.

In this paper appear regular advertisements supplying full details of the great offer. Watch for them.

This \$7,500 travel, \$2,000 auto and \$1,000 pedestrian accident policy is issued only to subscribers of The Daily and Sunday Constitution and immediate dependent members of a subscriber's family between the ages of 15 and 70, at \$1.25 per policy per year.

One who is now taking The Daily and Sunday Constitution or will subscribe for same through carrier in Atlanta or suburbs, through an out-of-town carrier or dealer, paying for his paper weekly, monthly or otherwise, is a subscriber and is eligible.

Those taking The Daily and Sunday Constitution by mail, either through a postoffice or rural route delivery for one year, are eligible by paying \$1.25 per year per policy above the subscription price.

In sending application for insurance the applicant must state name in full, give age and occupation. If beneficiary is desired, full Christian name must be given and relation of same to the insured.

AERIAL DAREDEVIL WILL STUNT OVER LAKEWOOD SUNDAY

Pop Dean, nationally famous aerial daredevil, who for several seasons has flitted with death in a series of airplane stunts at Miami Beach, Sunday will entertain crowds at Lakewood Park, it was announced Thursday.

Dangling from the end of a 35-foot rope ladder as a machine swoops over the lake, Dean will dive from his support into the waters as the climax of a series of acrobatics which he will stage on the wings of the plane. The exhibition will begin promptly at 4 o'clock.

The pilot of the airplane will be designated later, J. Oscar Mills, secretary of the fair association, announced.

TOBACCO AND ROAD BILLS ADVERSED

At stormy public hearings Thursday afternoon at the capitol two major bills, one the governor's highway measure and the other the paper calling for the repeal of the cigar and cigarette tax, were adversed by legislative committees.

Introduced in the senate by Senator J. B. Jackson, of the twenty-first district, Governor Hardman's bill, which would substitute a highway commission for the present board, with the commission to report directly to the governor, died hard in a joint public hearing of the senate and house highway committees, by a vote of 10 to 8.

The chief speaker in opposition to the highway bill was Senator H. E. Elders, of the second district. Senator Jackson appeared as spokesman for supporters of the measure.

In the meeting of the house committee on ways and means the bill to repeal the cigar and cigarette stamp tax and substitute a tobacco license tax met with a like fate, being killed by a vote of 17 to 13.

Numbers of old Confederate veterans, who depend on the revenue from the tobacco stamp tax for their pensions, met with the committee, and through their spokesman, Judge J. J. Hunt, of Griffin, and Captain T. DeWitt Lawrence, of the soldiers home board of trustees, plead with the committee to leave the tobacco stamp tax in force.

Supporters of the repeal bill, led by the author, Representative Tucker, of Berrien county, argued for the approval of the measure on the ground that the present stamp tax is a nuisance tax pure and simple, while opponents of the bill claimed that passage of the bill would endanger the old veterans' pensions. The present stamp tax is one of 10 per cent on all cigarettes and cigars, the revenue going toward the payment of pensions.

Both committee meetings found heated argument over the two bills, the debate over the cigar and cigarette tax in particular growing acrimonious at times as speakers defended the present stamp tax and the rights of the old veterans to their pensions.

WOMAN WITNESS AGAINST LANCE ORDERED TO FARM

Despite Solicitor General Boykin's efforts to keep her in Fulton tower, Margaret Johnson, state's witness in the trial of Jack Lance for complicity in the murder of Bert Donaldson, will be returned to the state prison farm in Milledgeville Saturday.

This announcement was made Thursday by the prison commission which had formerly ordered the woman returned to the prison farm after being brought to Atlanta as a witness against Lance.

Judge Jesse M. Wood, of the criminal court of Atlanta, has suspended the service of two farm sentences against the woman in order that she might serve a four months' jail sentence and remain in Atlanta. In making his request, Solicitor General Boykin explained that he desired to keep the witness in the tower in order that she might be questioned, Judge Wood agreed, but stipulated that she should be returned to the prison farm after serving the four months' sentence.

Revolutionary Days Live Again in 'Dearest Enemy'

It isn't very often that one goes home in a barrel, but the writers of "Dearest Enemy," musical comedy now playing at the Erlanger, included that singular role for dainty Madeleine McMahon. And as a real, clean American play, it has fairly taken Atlanta by storm.

Until last Monday, Atlantans often wondered why the American revolution wasn't as famous as it should be. Now they know. All it needed to make it famous was a musical comedy.

Three young New Yorkers figured it out some time ago. They were Herbert Fields, Lorenz Hart and Richard Rodgers, who, upon seeing a tablet at Lexington avenue and Thirty-seventh street, New York, one day, sat down, scratched their respective heads and got to thinking.

The tablet they had seen for the first time was one commemorating the exploit of Mrs. Robert Murray in detaining General Howe's British officers with her charming hospitality on Murray Hill long enough for General Putnam to join his best forces with those of General George Washington and escape intact from New York.

Having figured it all out, the three aspirants for Gilbert and Sullivan fame wrote a musical piece called "Dearest Enemy," which brought the figure of George Washington on the stage.

Florida Doctor's "Dope" Sentence Cut by President

Six years' service in the Atlanta federal penitentiary for violation of the Harrison narcotic act has been cut short for Dr. A. H. Weathers, Florida physician, by a commutation from President Coolidge, it was learned Thursday.

Dr. Weathers was sentenced on January 17, 1925, in the southern district of Florida to serve three terms of two years each, consecutively, on indictments charging failure to make and preserve duplicate narcotic order forms, unlawful possession and unlawful sale of narcotics.

The government charged that the physician was prescribing dope for addicts without keeping records of his prescriptions as required under the law. He paid a fine of \$1,000 on similar charges in Jacksonville in 1923, records of the prison show.

Loan Companies Get Injunction Against 'Shark' Publication

Temporary injunction restraining J. E. Goodwin from circulating a publication, "Loan Sharks of the South," was signed Thursday afternoon by Judge John D. Humphries in Fulton superior court on complaint of four Atlanta loan concerns.

The plaintiffs aimed in the petition intended J. L. Morgan company, The Gate City company, Atlanta Guaranty company and Harris Brothers, incorporated. The proceedings aver that the defendant has damaged their businesses by "casting a detrimental reflection on the business of the plaintiffs." They further allege that the allegations in the publication are untrue, misleading and give the impression to the public that money borrowed cannot be collected and therefore incite litigation.

PLAYGROUND NAMED FOR MAYOR RAGSDALE

Mayor I. N. Ragdale has been honored by the parks committee, it was learned Thursday, on Friday the two new city-owned playgrounds, the Ponce de Leon, having been named in honor of the city's chief executive.

Opening of the Ragdale and the Courtney, the two additional playgrounds, pushed the total number operated in the city for white children to 24.

staves because a dog ran off with her clothes while she was swimming. Miss McMahon's demureness robs the scene of any humor of fun in a burlesque house. And her assumption of a pert Irish brogue is equally as laughable and steadfast, for usually in musical comedies such an accent becomes rubbed off after the first act.

Continued Heat And No Showers Seen by Bureau

Several more days with the thermometer bouncing around the 90-degree mark and no rain to cool things off are foretold by C. F. von Herrmann, in charge of the local weather bureau.

About the first of August it is expected that things will cool off a little, but until that time extreme heat is in order. On Thursday, 92 degrees was the high mark with a low of 75, which is an unusually high minimum for this season. Friday's range is expected to be about the same. However, the 92 of Thursday was not the hottest of the summer, as on the 1st of July 94 was reached and 93 on the 2d.

With dog days and hot weather here, Dr. John P. Kennedy, of the city health office, issued the following warnings: "Don't over-eat; don't, if over-heated, sit near an electric fan or otherwise cool off too quickly; don't 'gulp' ice water or drink too much of it at one sitting."

SEEKING RELATIVES OF WILLIAM LEWIS

A letter has been received by The Constitution from Minneapolis seeking to locate relatives in Georgia of William Lewis, former resident of Atlanta, who died in Minneapolis July 21.

The communication came from E. Dohinger, of that city, in which he states he is trying to locate the dead man's family as he has important news for them. He stated that Lewis formerly resided in Atlanta, having graduated from a law school in this state about 20 years ago and was admitted to the bar. His father was Abraham Lewis, at one time a member of the Georgia legislature. He is also said to have a brother in, or near, Atlanta owning several variety stores.

ATLANTA RESERVISTS ORDERED TO TRAINING

Major General Craig, commanding the Fourth Corps area, announced Thursday that First Lieutenant William Prescott Briggs, Jr., of Atlanta, and Second Lieutenant James C. Lattin, Jr., of Hones Path, S. C., would train with the 33rd tank battalion at Camp McClellan, Ala., from July 31 to August 13, and that Captain James V. Blackwell, of Birmingham, would train with the 33rd field artillery at Fort Bragg, N. C., from August 14 to 27.

SUPPORT FOR DRASTIC CRIME STATUTE URGED

Enactment of a drastic anti-crime law for the protection of life and property in Georgia, similar in many respects to the Baumes law in New York state, was urged Thursday by Representative Linton B. West of Randolph county, chairman of house general judiciary committee No. 1, at the Atlanta City club luncheon at the Wincoff hotel.

The Baumes law and its amendments, Mr. West showed, do the following things: Require doctors and hospitals to report immediately to police all patients who have been wounded by gunshot; provides a central bureau of identification; restricts ability to obtain bail; gives state alone the right to decide upon severance of cases for trial where more than one person has been indicted in one true bill; makes 15 years' sentence the minimum for robbery or burglary; makes receiving of stolen goods a felony; adds sentences of from five to 20 years for the commission of a felony while armed; provides that sentence for conviction for the fourth time of a felony shall be life in a state prison.

WARD, HOBBS REMAIN WITH COAL COMPANY

Now . . . A TOUGHER Motor Oil

DID you ever lift the hood of your automobile and see a thin cloud of blue smoke floating from the motor?

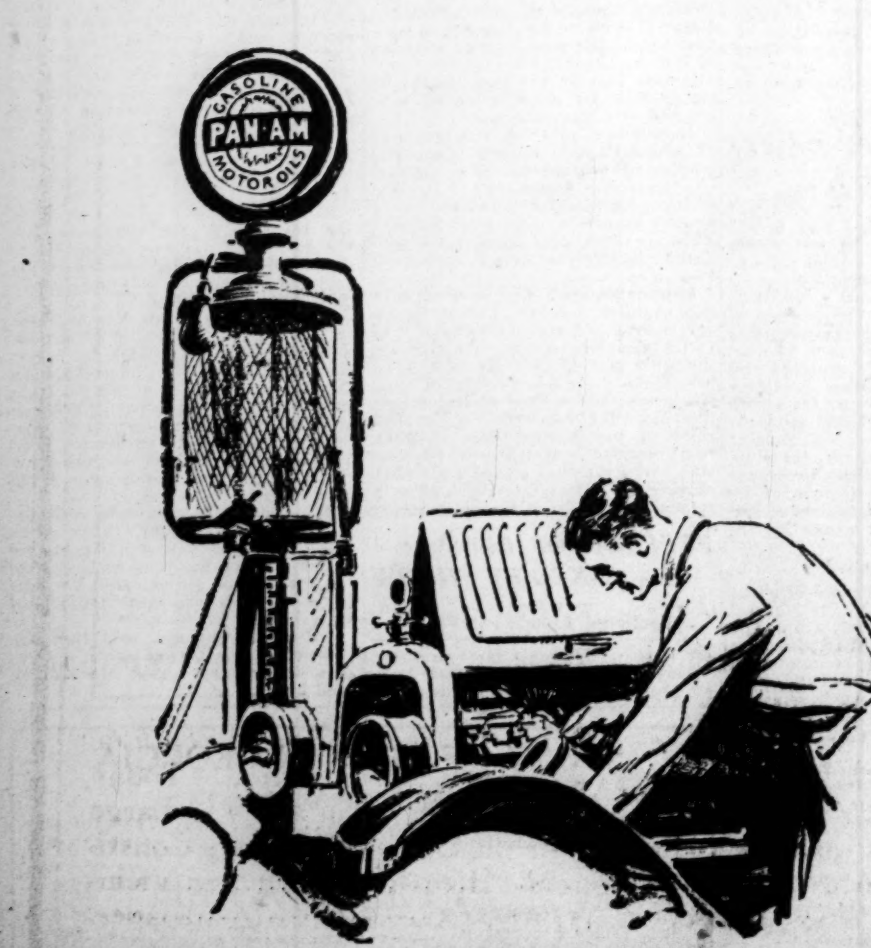

What caused it? Your oil couldn't stand the gaff of the terrific engine heat generated by modern high speed motors. It burned up—vaporized—fell down on its job of protecting moving metal parts.

The improved Pan-Am Oil is built to stand up under the most severe conditions. It's a tougher oil—an oil that gives 100% lu-

brication value right down to the last drop. It resists the intense heat of your motor because it is built of paraffin base crude specifically for that purpose. It has endurance—stamina!

Use Pan-Am Oil, and insure your car against needless repairs and faulty lubrication. Your Pan-Am dealer can supply you.

. . . and clean GASOLINE Pan-Am Gasoline is carefully processed to assure you gasoline that is clean—free from dirt and corrosives. You'll get more miles—more power when you fill up at the familiar cream-colored Pan-Am pumps.

OUTCAST

By Elizabeth York Miller

SYNOPSIS

A hand of crooks, stumbling on the fact that Sir Adrian Shale's wife is alive, when supposedly she had died six months before in Italy, arrives at Grantwick, Sir Adrian's home, for the purpose of blackmailing him. Mimi Winchell, one of the crooks posing as a widow, obtains a letter of introduction to Sir Adrian, who is kind to her and her "daughter," Doris. The girl is beautiful and possesses the only shred of respectability the gang can lay claim to. She is really an orphan whom Mimi has befriended. One of the crooks, Beauty Bill Gibbons, asks Doris to marry him. She refuses. A few days later Sir Adrian angers Mimi by announcing he is ready to pay her fifty thousand pounds for Doris. Sir Adrian does not believe her, but agrees to pay the money. She returns to London immediately, and discovers that Sir Adrian has tricked her. Somewhat disturbed by Mimi's story, Sir Adrian decides to make an investigation. His wife's former maid, Anna Ferguson, failed to come back to England after Lady Shale's death in Italy. In attempting to find her, Sir Adrian calls on her sister, Madam George, a fashionable London dress-maker, who is unable to give him any information. Doris rebels at the life she is forced to lead with Mimi and her husband, Uncle Charles, ill, sends for Doris, and takes a job as maid at Madam George's. Uncle Charles, ill, sends for Doris, and takes a job as maid at Madam George's. She is late in returning to Madam George's, and is scolded by Madam's husband for refusing to tell where she's been.

INSTALLMENT XXIX

A TRUMP FOR MIMI

Georgette's voice was strained and hollow. She had no longer any doubt of Mrs. Holden's cruel design.

"How much—do you want?" she asked.

"Shall we say—need?" Mimi screwed up her eyes as she stressed the word. "I should think—five thousand pounds would cover the expense."

Georgette started. "Five thousand pounds!" she gasped. "Oh, Mrs. Holden, I haven't got so much."

"Surely, Mr. Given would let you have it—for so good a cause."

"But it is so much. You don't understand. I am not a rich woman. All my money is in the business."

"It is really very little," Mimi said, complacently, then lowered her voice to a staccato whisper. "Very little for her mother to pay, madam."

The unhappy woman gazed hopelessly about her. What could she do? To raise five thousand pounds without letting Matt know, even were she able to do it, would take many days, perhaps weeks.

Mimi went on relentlessly. "Still, perhaps it would be best to interest your husband. I'm sure he would like to help you out of this difficulty. I know how devoted you are to one another; a little friend of mine, a Miss Winchell, who was working for you for a short time, gave me a good deal of useful information. She has just now, madam, hasn't she? You see, I know—I know such a lot."

To poor Georgette this seemed the last straw. Doris, whom she had tried to befriend, Doris, in whom she had believed, merely a spy, an accomplice of this cruel, heartless woman! So that was the true explanation of her story! She was just a hypocrite! She had found out as much as she could and then gone off to report to her associates. Madam remembered in what opportunist Doris had had in the private office to gain information from books and accounts. What a horrible plot! How mean the whole thing seemed!

Mimi decided with a certain annoyance that perhaps she had gone a little too far. Georgette seemed dazed; she looked as if at any moment she might faint. She had grown old, haggard. Never before had one of Mimi's victims taken it, as she put it to herself, so hardly. They generally blustered or bluffed.

Mrs. Holden folded up her unused check book. "On second thoughts, madam, perhaps I won't bother about paying you," she said, with a malicious smile. "And as for Doris, I know we can arrange for her between us. Now, I can take the girl away—right away—at once, and you need never hear of her again until you wish to receive her. And meanwhile I'll see she's made fit to take up her station in life as I know you would like it."

Mimi looked pensive. "I have it," she said, after a momentary pause. "Madam, I will send for those delightful frocks if you will be kind as to have them packed. I'll send tomorrow, and you will supervise the packing yourself. I know. And you will place in them a little bundle of notes—not a checkbook, but a malicious smile. "And as for Doris, I know we can arrange for her between us. Now, I can take the girl away—right away—at once, and you need never hear of her again until you wish to receive her. saying. Her only thought was to keep Matt from knowing this sad secret of her past. He would never understand—or forgive. His was too jealous a temperament.

And yet Mimi's words about Doris. "You need never hear of her again," had, in a vague, unrealized way, also driven her to distraction. She wanted to see this daughter of hers; the longing warred with her fear of exposure to her husband.

Mimi gave a scornful little laugh. "Oh, no, madam, that won't do," she replied. "The immediate expenses will be so heavy. It might be arranged with a first instalment of two thousand."

Mimi felt almost magnanimous; the wretched woman whom she was engaged in bleeding was so devoid of fight that, she told herself, the money would come right enough.

"Then two thousand," Georgette whispered, frantically. "I'll try so hard. Do believe me, Mrs. Holden."

Mimi gathered up her bag and rose with a contemptuous toss of the head. "My chauffeur will call tomorrow afternoon about five." She added ominously. "And I hope we shan't have to bother Mr. Given."

She stood at the open door of the little room and deliberately withdrew a mirror and puff from her bag and powdered her face.

"Thank you so much, madam," she concluded in a calm, matter of fact manner. "Don't bother; I can find my way out. Then tomorrow. Good-by."

She crossed the busy showroom, a pleasing smile upon her lips, nodding her thanks as she went to two of the girls who had displayed the wonderful frocks to her.

A commissionaire bowed her out, and Bill Gibbons, in his new role of chauffeur, stood respectfully at the door of the waiting car.

Mimi hesitated on the pavement with delightfully impudent air, and consulted an engagement book.

Then, "Home," she said, with feigned indifference. Bill touched his cap and climbed into his seat. The car slid silently towards Piccadilly as another, and more luxurious, one pulled its place by the curb.

Mimi was laughing triumphantly to herself at the moment that Sir Adrian Shale stepped out of the newly arrived limousine.

Sir Adrian's face was peculiarly grave as he passed through the pensively severe entrance of Madam Georgette's. He had just lived the worst two hours of his life. His morning's post had brought him a detailed report from the private inquiry agent whom he had sent to Alassio to find out for him the whole circumstances of his wife's supposed death.

Shale's breakfast, untouched, grew cold as he read the impressive definite wording of that competent document. McNeil, the agent, gave his report entirely without feeling. He dealt in fact; he made no effort to tone down painful details, to make excuses, or to advance theories. He summed up the first part with the impartiality of a judge.

"My investigations convince me that the woman buried as Lady Shale was, in fact, her maid, one Anna Ferguson. Lady Shale recovered from her illness and left Alassio with the man Giorgio Bonci, a painter, who was masquerading as Sir Adrian Shale. For the subsequent movements of these parties see Report II."

And it was "Report II" that shook Adrian Shale's faith in human nature.

Three pages of neat typescript gave no hint of the tragic climax to which they led. The movements of "Sigor and Signora" were followed with fairly full detail; how they had stayed a month here, a week there; how, during the period from the 11th to the 20th, I have not been able to secure any record of them; how eventually they had come to a little inn at remote Massarosa, where the report went on: "I found them living in straitened circumstances. Lady Shale being at the time (the 15th inst.) seriously ill of typhoid fever."

Atlantan Attends Woman's Benefit Meeting in Michigan

Port Huron, Mich., July 28.—Mrs. Jennifer Brown, of Atlanta, district deputy for north Georgia, is at the Woman's Benefit association convention, being held in Port Huron this week.

A record was set for women long distance driving, arriving in time for the meeting, and included: Mrs. Salome Stafford and Mrs. Elmer McMahon, from Cheyenne, Wyo.; Mrs. Lillian Mason, of Jonesboro, Ark.; Mrs. Pearl H. Crox, of Birmingham, Ala.; Mrs. Maude Miller, of Sapulpa, Okla.; Mrs. Della M. Hall, and Mrs. Harriet Draper, of Omaha, Neb.; Mrs. Daisy Wilson, of Alexandria, La.; Mrs. Mamie Vaughn, of Port Worth, Texas; Mrs. Effie Draper, of Burk Burnett, Texas; Mrs. Margaret Littleton and daughter, Lucille, and Miss Emma Haas, Hartford, Conn.; Mrs. Olive Eckert, Philadelphia, Pa.; Mrs. Margaret Keate and Mrs. Louise Shanks, of Chicago, Ill.; Mrs. Mary Pierce, of Cleveland; Mrs. Addie Brown, of Akron, and Mrs. Florence Murphy and Mrs. Harriet Mader, of Toledo. Mrs. Elizabeth Covell, of Honolulu, was the longest distance delegate. Her address before the convention on "Hawaii Traditions and Customs" was one of the convention features.

Law amendments acted on cover popular new plans of insurance, including pensions, disability, educational benefits, theft and sickness. The office of a national health supervisor was created by the convention to supervise the wide field of health activities. Official titles were changed to president and secretary in place of commander and record keeper respectively. Women may take as high as \$10,000 in benefits instead of the former \$5,000 certificate, also reinsurance was made perpetual instead of 30 years as formerly.

Miss Bina M. West, of Port Huron, Mich., was honored with unanimous election to the supreme presidency, this being her fifth consecutive election as chief executive.

Burlesque Play To Be Presented.

Interest centers in the burlesque play, "Danger," which will be presented by the music committee of the College Park Women's club on next Friday evening, July 29, at the city hall auditorium.

Mrs. W. W. Bateman is general chairman. Mrs. D. C. Lyle, ticket sales chairman; Mrs. Frederic L. Beers, chairman of advertising; Mrs. Clarence Wall, chairman of printing; Mrs. Oscar Palmour, chairman of stage properties, and Mrs. Hugh Couch, chairman of publicity.

A group of prominent citizens are to appear in feminine roles with appropriate costumes and a bevy of beautiful girls will be presented in some especially attractive song and dance numbers.

The announcement that Chester Kitchens has been given one of the most important roles and that Sara Sharp is to appear in a series of costume dances has added materially to the interest in the play. The proceeds are to be applied to the school piano fund.

Military Ball Given Last Evening At Ansley Hotel

Forty officers and their wives and sweethearts of the United States naval officer and reserve units of Atlanta and the south accepted invitations to the newly revived all-southern military ball given in honor of the 327th Infantry Reserve regiment Thursday evening on the Ansley roof garden, official Atlanta being represented by Mayor and Mrs. I. N. Ragdale, Lieutenant Commander Jesse Draper and Captain W. L. Shadix, representing the mayor and his committee, extended the invitation to the naval and marine corps officers and their wives.

The credit for the revival of the traditional and historical old southern ball goes to Captain Harry C. Luck, infantry executive officer and Captain W. L. Shadix, publicity officer, of Atlanta. And it was found a fitting final complement to the one hundred and forty 327th Infantry officers who have finished their third annual tour of duty at Fort McPherson. Of the 140 officers on duty, 114 are from South Carolina, and many of them recent college graduates and commissioned in the reserve corps of the army from the R. O. T. C. units of their institutions.

Prominent personages from various southern states were invited to attend and assist in paying honor to the gallant South Carolinians and their fellow officers from other states. All officers of the regular army, national guard, reserve corps, navy and marine corps, and their wives were extended a cordial invitation.

If they are not at home you'll find them at "IDLEWOOD" Atlanta's Mecca of Pleasure

Circulating Library Announced by B. & P.

The Business and Professional Women's Club of Atlanta announces that its circulating library, which is a new addition to its clubrooms at 105 Forrest avenue, will be ready for use early in August, where the club members and their friends will have advantage of reading the latest books at a very small charge per week. These books were personally selected by Mrs. Mott Russell, a member of the club and manager and buyer of the book department of Chamberlain-Johnson-DuBois company, and are books of the latest editions.

The fall work and programs are being perfected and its educational fund, which the club has been sponsoring for the past two years, is a special feature.

This month donations of a substan-

cial bundle of clothing and hundreds of newspapers and magazines were made to the Salvation Army. The club has been making rapid strides during the summer months on its membership campaign, bringing into the club some of Atlanta's most progressive business women. Among those who have recently joined are: Mrs. Florence S. Cannon, Miss Helen Doug-

las, Mrs. Laura K. Guy, Miss Virginia Goodman, Mrs. L. M. Hall, Miss Kate Hammer, Mrs. S. R. Jennings, Miss Clyde Jackson, Miss Ella Lang, Miss Cleo Kirk, Mrs. S. P. Marquardt, Miss Mildred Parsons, Mrs. Inez Weaver, Mrs. J. M. Johnson, Miss Lois Manning, Miss Anna Wooten, Miss Marilyn Bost and Mrs. Minnie Lester.

Bite yourself an Alphabet

How to bite a good B

B has been bitten in one bite by old, experienced pretzellers. But it takes skill. You've got to hold your teeth just right. Every O-So-Gud is so blessed crisp and crunchy.

Be careful on B. Use a sharp decisive bite of the wide turn and you should get a B something like this or this:

The rewards of pretzelling are two-fold. (1) Food. (2) Fun.

O-So-Gud Pretzels are baked brown, baked brittle, baked crisp, baked easy to digest. They're salty and crunchy and quite the thing with soup, salad, hors d'oeuvres, dessert, between meals and all the other times you like to eat. Children like them a lot—and they like children.

Both professional and amateur pretzellers like O-So-Guds, the twisty pretzels made by the Uneda Bakers. Taste better, they say.

YOUNG OKLAHOMA POETESS IN CITY SELLING POEMS

Traveling over the country selling a small book of her poems, Miss Goldie Loden, 17-year-old, poetess of Chickasha, Okla., stated Thursday that she has sold over 700 of the volumes in Atlanta.

This is the third book of poems that the young girl has written, her first poem being composed when she was but 10 years old. The title of the last book is "The Dreams of Youth" and it contains a number of beautiful compositions. She is being accompanied on her trip by her father and brother.

She will leave Atlanta next week for Birmingham, where she will be joined by Miss Maxine Stumpff, 16, also of Chickasha, and a writer of novels. Miss Stumpff has had several stories published in magazines and she and Miss Loden are at present working on a new novel.

CONNIE ADMITS SHE WILL DIVORCE "NICEST HUSBAND"

(By Leased Wire to The Constitution.)
Chicago, July 28.—"Yes, it's true," said Constance Talmadge, when asked if she was to divorce Captain Alastair MacIntosh, her "nicest husband."

Miss Talmadge arrived from the coast today on her way to New York. A nice young man, clad in brown that matched the costume of the star, met her at the train. She called him "Jerry," but the young man insisted he "had no name" and just grinned when pressed for details.

Replying to further personal questions, Miss Talmadge said she would not divorce Captain MacIntosh in Paris. She did not know just where or when, but the domestic rift is permanent.

In New York she and her mother, who accompanied her, will sail for a two months' trip abroad.

BUCKHEAD DRIVER INJURED AS AUTO HITS PHONE POLE

D. A. Gresham, of Buckhead, while driving his car on Hollywood road Wednesday afternoon, crashed into a telephone pole and received a bad cut on his neck and a dislocated hip.

The accident was caused by the steering knuckle of the car getting out of order, causing Gresham to lose control. He was rushed to Grady hospital. He was weakened considerably pronounced as not serious.

To Make Your Home a Place of Joy and Harmony

There are some houses you visit where you feel instantly at home. There is an air of comfort and cheer about them. They are not necessarily rich and elaborate. They may be simple and even shabby. But there are comfortable old chairs for you to sink into—and it doesn't matter if you spill ashes on the floor. And the folks who live there are always glad to see you. They welcome you with their own cheery graciousness—and no matter when you drop in, they always offer you a welcome cup of RIDGWAYS deliciously fragrant tea to cheer and refresh you.

No wonder you feel at home there! No wonder being there always puts you in a mood of good-fellowship and genial camaraderie! RIDGWAYS TEA does that for you. It warms you so that you feel relaxed and at harmony with yourself. It invigorates you so that you feel friendly and in harmony with others.

To make your home a place of joy and harmony, begin by putting your guests and your family, too, in a happy frame of mind by refreshing them with the always welcome cup of RIDGWAYS fragrant, full-bodied tea.

50 Pickens County Girls, Here for a Day, Gaze Open-Mouthed at Wonders of City

Photos by George Cornett, Staff Photographer

Pop-eyed with delight and awe at evidence of what is termed modern civilization more than 50 mountain girls from Pickens county Thursday made their first visit to Atlanta, the southern metropolis and a towering, proud monument to progress and prosperity.

Cavorting about the south's gate city in a fleet of taxicabs furnished free of charge by the Black & White Cab company, the visitors included in a crowded itinerary trips to Grant park and the Howard and Georgia theaters.

Perlie Lee King, one of the girls, saw her first motion picture while touring Atlanta. Others declared they never before had seen such magnificent pictures houses in their lives. They were especially complimentary about the vaudeville acts on the Georgia bill.

The group was invited to the Rialto but, due to lack of time, were regrettably forced to decline the invitation.

For the first time in their lives many of them saw movies and gained first-hand knowledge of the central attraction in the evolution question. Many of the animals were known to the group in picture books only until they saw them in real life at the park zoo. All park concessions were tendered free through the courtesy of the park committee of council.

Councilman W. E. Saunders, of the twelfth ward and public relations representative of the cab company, acted as pilot and representative of the city government until Mayor L. N. Ragsdale received the ladies at the city hall at noon.

A battery of cameramen failed to faze the girls, who posed on the steps of the municipal building. They rather enjoyed the experienced and several wanted to know if the spread would take up "a whole page."

The Pickens county delegation brought with them to Atlanta healthy, rugged expressions of approval from the lips of the youthful visitors. Capricious of fortune and environment were evident as spectators contrasted the visitors with others who crowded close to hear the police band play the city's welcome at the city hall.

Psychological reactions were clearly from the Andrews car when the crime was committed have never been found, although a vigorous search has been made for them by officers of all suspected places.

Three negroes are in the Bibb county jail charged with murder in connection with the killing of Mrs. Andrews' husband. If the woman dies, then double murder charges will be lodged against them. There is also one white man charged with accessory after the fact, being held in the Bibb jail and two negro women in the Dodge county jail at Eastman.

The group was invited to the Rialto but, due to lack of time, were regrettably forced to decline the invitation. Many of the animals were known to the group in picture books only until they saw them in real life at the park zoo. All park concessions were tendered free through the courtesy of the park committee of council.

There have been no new developments in the murder. Excitement has about all died down and there has been a material change in the sentiment which was running against Captain Phillips. All rumors which have been traced since the arrest of Phillips have proven false and the majority of the people do not believe that Captain Phillips had any connection whatever with the crime.

Judge Eschel Graham has not yet called a special term of court for the investigation and trial of the parties accused, but it is reported that it is his intention to do so as soon as Mrs. Andrews is able to testify.

Atlanta, bristling with skyscrapers and alive with caravans of congested vehicular and pedestrian traffic warring through narrow streets, was contrasted in their mind's eye with the rugged, untamed mountains which rear their heads from the breast of Mother Earth.

Mrs. Frank Gaines, Pickens county girls' demonstration agent, was in charge and was official chaperon of the all-day event, made possible by Sam Tate, Georgia marble king, who furnished free transportation to Atlanta. The girls are members of the Four "H" club of Pickens.

Cluett Peabody To Form Branch Plant in Georgia

Georgia's industrial strides in recent years has brought the announcement of Cluett, Peabody & Co., world's largest manufacturers of men's shirts and underwear, that Georgia has been selected as the site of one of the company's new factories.

Edgar H. Betts, president of Cluett, Peabody & Co., Thursday released a statement declaring that "negotiations are under way and about to be concluded for the leasing of a very desirable site, and the construction of a new factory in Georgia."

Location of the factory is understood to be on East Point road, just beyond McPherson, and the Oliver R. Smith factory is said to be the plant for which negotiations are about to be concluded. Distribution of most of the products of the factory will be made through the Atlanta salesroom of the company, which has been maintained in Atlanta a number of years under the direction of H. S. Tenzler, southern representative.

Georgia Advantages. Increased expansion of the company and need for new factories led to investigation of this state as a possible site. Certain obvious economic advantages of manufacturing their articles in Georgia presented themselves, Mr. Betts said, and the equipping of factories in Georgia, which formerly only made low grade fabrics, for making shirtings and other fabrics of very fine quality, together with the establishment of a number of bleaching and other finishing plants, made it practical for the location of a factory in Georgia.

Favorable distribution costs and manufacturing facilities also played a large part in the company's decision, Mr. Betts' statement asserted. Steady employment for between 300 and 500 skilled operatives will be given by the Georgia plant. Selection of the Georgia site came only after prolonged and exhaustive survey of southern manufacturing sites and facilities. Long negotiations have been under way between the Cluett,

Peabody & Co. and the industrial bureau of the Atlanta Chamber of Commerce and the Georgia Power company.

Other New Plants.

The announcement of the selection of a site Thursday was made by the Georgia Power company and came from Mr. Betts through the Carter Advertising company, of New York. Mr. Betts first visited Atlanta last December on a tour of inspection, and since that time Fred T. Newell, industrial bureau executive secretary, has been in constant touch with him.

Plans are said to be nearing completion for two new factories in addition to the Georgia factory, one to be in Canada and the other in Cuba. Selection of this state for a plant of such size as Mr. Betts indicated, by one of the foremost manufacturing organizations in the world, has placed Georgia and Atlanta in a favorable light as a site for other plants producing the finest merchandise sold in America today, industrial leaders said Thursday. The advantages now obtainable in Georgia so impressed the Cluett, Peabody & Co. executives that other and similar industries may follow in locating in this section, they said.

"Mr. Betts, a successful and experienced executive, remarks on the obvious economic advantages of the south," Mr. Newell said Thursday. "It simply goes to establish the dependency of one industry upon another in the south's industrial expansion. So long as our textile plants produce only low grade materials, manufacturers of finished products were not much impressed with our economic advantages, but with the influx of more textile mills and improved and proper machinery for the last grades of materials, these manufacturers have come to recognize the value of accessibility of raw materials to their plants and excellent distribution facilities."

3 GERMAN PLANES MAY LEAVE SOON ON ATLANTIC HOP

Berlin, July 28.—(AP)—Three German airplanes may shortly undertake a trans-Atlantic flight to America. In addition to the Gotha biplane in which Otto Koennecke and Count George von Salm-Salm plan to attempt to fly the Atlantic, it was indicated today that two Junkers W-33 monoplanes will essay the crossing together. Friedrich Looze and Johann Ristritz, who have been making endurance tests with a Junkers W-33 plane, are reported to have been selected as pilots for the two Junkers machines. Ristritz probably will follow in the wake of Looze, it is understood. All three planes will be equipped with a recently invented pneumatic telecompass, it is stated. This compass is said to simplify steering so that the pilot holds his course mechanically.

TARDIEU DENIES ACCUSED SLAYER OF FIVE TESTIFIES

Paris, July 28.—(AP)—Andrew Tardieu, French high commissioner to the United States during the world war, has categorically denied ever having given an interview which appeared in the National Business and widely published throughout the United States on July 26 in which he was represented as saying that the Melon-Berenger deal agreement was as good as "dead."

The denial was made through Havas, the French news agency, and other official sources. "No formal denial of the denials attributed to me," M. Tardieu said.

M. Tardieu in the interview in question was represented as having predicted that a new settlement would have to be negotiated if the French debt to the United States was to be finally liquidated and to have said that "no French government will ever take the responsibility of binding France for 62 years' of debt payments."

\$30,000 Offered For Cleveland-Paris Air Trip
Cleveland, Ohio, July 28.—(United Press)—A \$30,000 prize for the first non-stop flight from Paris to Cleveland is offered by the Cleveland Chamber of Commerce.

The prize is known as the Myron T. Herriek trophy and will be open to any flyer of any nationality. The flight must begin in Paris and end in Cleveland.

The \$30,000 trophy contains a grand prize of \$25,000 for the first non-stop flight, which is good until August 1, 1935. A bonus of \$5,000 will be paid provided the flier lands in Cleveland between August 6 and 28, the dates of the Cleveland Industrial exposition, also sponsored by the Cleveland Chamber of Commerce.

KANSAS LOCKS OWN JAW TAKING BIG MELON BITE
Kansas City, Mo., July 28.—George Ray, 55, likes watermelon but never before had taken such a big bite as did today. His supply proved so tempting he taxed his jaw to the limit. The result was a dislocated jawbone. Efforts of police to close his wide-open mouth failed, but at the general hospital a blow on the chin did the work.

15-YEAR-OLD GIRL ATTACKS BIG FISH AND WHIPS HIM
(By Eased Wire to The Constitution and The Chicago Tribune.)
Boston, Mass., July 28.—Mary Brozak, 15-year-old Mount Tom girl, while swimming in the Connecticut river saw an immense fish, dived for it and landed it on the bank. The fish, a large catfish, was about 10 feet long and weighed about 100 pounds. The girl whipped the fish with a stick and drove it back into the water.

DUGGAN IS NAMED TO SUCCEED LAND

Appointment of Dr. M. L. Duggan, state rural school agent, as successor to the late Fort E. Land, was announced Thursday by Governor L. G. Hardman. Dr. Duggan accepted the post and immediately was sworn in as Superintendent Land's successor.

Dr. Duggan formerly lived at Sparta and began his educational career as a superintendent of schools of Hancock county. He has been connected with the state department of education for about sixteen years, his last four years being as special rural school agent serving under the general education board.

For the last five years Dr. Duggan has lived in Atlanta and Clayton, Ga. He is from a family of distinguished educators. His father was the late Dr. Ivy W. Duggan, who was a Georgia educator for 62 years, served as superintendent of schools of Hancock county, and was a member of the faculty of Shorter college, Rome, Ga. Dr. M. L. Duggan has seven children, all of whom are at work in some educational capacity in this or in other states.

Last year Mercer university, where Dr. Duggan obtained his early college education, conferred on him the degree of Master of Education.

Dr. Duggan will serve until the fourth Wednesday in June, 1935, the term of Mr. Land would have expired. Mr. Land was one of the best-known educators in the south, serving as state superintendent of schools one full term and part of his present term. He served as state rural agent during the term of Dr. M. L. Britain, now president of Georgia Tech, who was at that time state superintendent of schools.

BANKERS WILL LEND MEXICO \$2,000,000

Mexico City, July 28.—(United Press)—The international bankers' committee is lending Mexico \$2,000,000, the department of finance announced today.

The loan is necessary because of decreased revenues from the petroleum industry, the statement says. Mexico has been unable to suspend payments on her total indebtedness of \$11,000,000 until next January. The department of finance points out that the \$2,000,000 loan was secured by the good faith of the Mexican government and without collateral.

Motor Cars Kill More in 8 Years Than War Dead

Washington, July 28.—(AP)—More people have been killed under the wheels in the United States during the last eight years than the American soldier dead in the world, the National Automobile Chamber of Commerce said.

From January 1, 1919, to December 31, 1928, 137,017 persons were killed by automobiles, while the total casualties of the war in the American armed forces was 120,050. The injured in automobile accidents, however, was 3,500,000 since the armistice.

Twenty-six per cent of the killed and injured were children under the age of 15 years, according to the figures. Last year it was estimated 23,000 persons were killed, an increase of 1,000 over 1925 and the largest death toll ever recorded by automobiles for a year.

COURT DECIDES DETROIT LAWYER IS AMERICAN

Detroit, Mich., July 28.—Robert M. Drysdale, well-known attorney, is an American citizen, according to a decision by Federal Judge Tuttle. Drysdale, born in Indiana, son of an American mother and Scotch father, was brought to this country when a child by his New York father and his mother died before Drysdale became of age. Bolshevik Chief Again Demands Reign of Terror

Moscow, July 28.—(AP)—Renewed warning of the threat of war was given today by Joseph Stalin, communist party leader.

In a lengthy declaration, after reviewing what he termed attacks on the Soviet union, Mr. Stalin declared the union must expect new attacks, in which conservatives may succeed in organizing a military bloc against the union.

"In preparation for this," he declared, "our aim must be to sound the alarm in all European capitalistic countries to arouse the workers and soldiers so that the latter may be prepared to meet any attempts at provoking war with revolutionary weapons."

"We must stir up those who do not believe in the reality of the war threat and must stand fast by a policy of peace, despite the taunts and provocations of our enemies."

"We must clear the rear of high-born counter-revolutionaries and unhesitatingly employ the most drastic measures to that end."

In connection with the latter declaration Mr. Stalin referred to the protests by members of the British labor party against the recent execution of

20 persons by the Soviet authorities as counter-revolutionaries. He asserted that those who protested were worse than enemies because they acted, although taken by professed sympathizers with the Soviet, operated to strengthen the hand of the enemies of the union.

C. BASCOM SLEMP PAYS VISIT TO VON HINDENBURG

Berlin, July 28.—(AP)—C. Bascom Slomp, former secretary to President Coolidge, who is visiting in Germany, was received by President von Hindenburg today.

President von Hindenburg also spoke pleasantly of the arrival of the American aviators in the Columbia in Germany and the good effect it had in strengthening German-American relations, at the same time expressing the hope that German fliers would be able to make a return visit.

Dewitt C. Poole, counselor of the American embassy, accompanied Mr. Slomp in the absence of Ambassador Schurman, who is attending the 400th anniversary celebrations of Marburg university.
